Pinch - Grasp - Manipulation

"The hand and finger positioning and movements needed to develop appropriate pinch, grasp and manipulative skills are innately based within these toys. (Caution: Many items in this section are small and brightly colored. Supervision is needed for all young children, and clients who mouth items.)"

HI TEC LITE UP ART

Amazing technology lets you create bright vivid pictures and designs with light! All you do is stick the small peg-like LED's into the design boards self-healing mat and watch the colors explode! Or use with one of the included picture/pattern sheets for a more structured task. Work on fine motor skills, pinch and finger strengthening, visual perception and creativity with one of the coolest, most motivating and possibly addictive products available today! Comes in 2 sizes, each in a soft protective carry case with tools to assist with the pushing in and taking out of the smallest LEDs and 10 patterns/designs for photocopying. Ages 8+.

Sketch Therapy Unit: is 4"x 5", runs on batteries, 100 LED's in 2 sizes and 8 colors. **P1234**

Masterpiece Therapy Unit: is 8"x11", AC adapter only, 200 LED's in 2 sizes and 8 colors **P1236**

CHOKING HAZARD Small Parts Not for under 3.

WOODEN PEGS AND PICTURES

A beautiful crafted 5" square wooden pegboard with 91 holes. Comes with 100 3/4" painted wooden pegs in 4 colors and 4 pictures to re-create. Small size and attractive design makes it easy to transport and irresistible to children and adults. Try using with one of our tweezers or other tools to challenge hand skills, visual perception or spatial relations. Versatile piece for use with a wide variety of clients.

P5612

CHOKING HAZARD Small Parts Not for under 3.

FRUIT STAND AVALANCHE

Using a jumbo tweezer, fruit must be picked from or placed into the angled fruit stand...but don't let the fruit spill! Angle of stand adjusts for a greater or lesser challenge and spinner can be used to determine number and color of fruit to be placed. Beautiful materials provide a great fine motor workout for the hands.

P1967

CHOKING HAZARD Small Parts Not for under 3.

MAGNETIC MOSAICS FOR KIDS

It's like coloring by number but with 600 colorful, easy to handle magnetic foam cubes instead of pencils and they are simply irresistible! Use the 1/2 " square cubes to create your own designs and patterns or use one of the 20 color/number coded templates to create mosaic masterpieces. The large 12x17 inch magnetic board can be placed on included easel in either landscape or portrait orientations so you get great hand and arm positioning. Perfect materials for working on visual perception, decoding, sequencing and hand skills.

P3360

CHOKING HAZARD Small Parts Not for under 3.

Pinch - Grasp - Manipulation

DANCING ANIMALS

They're back! Those cute little dancing animals we all loved as a child are back! These well-made plastic animals are activated by your thumb or individual fingers pressing up on the base. Press hard and hold it- they lay down. Press lightly in various spots and isolated body parts will move. Assorted animals available, after all, everyone needs a dancing partner

P3902

STRETCHY MOUSE & CHEESE

These are the cutest, fun-est mice ever! First you squish 'em and push 'em into and through the Swiss cheese holes...and then you stretch 'em and pull 'em out again. Perfect for improving finger mobility and hand and finger strength.

P3478

ROBOT BITS & FRIENDS

Super fun and highly interactive kits let you create 6 different robots or monsters all at the same time. Mix and match pieces of both their sets together to create different "monster bots" or "robo-monsters" each time. The possibilities are limited only by players' imagination and hand skills. Small parts challenge the fingers but fit great in therapy bag!

P9144 Robot Bits

P9148 MonsterBits

 CHOKING HAZARD Small Parts Not for under 3.

POPCORN FORK

Fun new hand tool was developed for, and works great at, picking up and eating popcorn without getting your hands all buttery. But it also works super at picking up pegs, glitter pom poms, mini erasers, etc. Careful not to squeeze too hard or prongs

slip past each other and your "catch" might get away! Fun way to work on grading of movement and hand skills. Try adding a weight source to the hollow shaft to build finger and hand strength.

P3060 Discontinued

 CHOKING HAZARD Small Parts Not for under 3.

MAGNETIC CHIPS AND WAND

You'll find 1000 uses for this strong magnet & small plastic colorful chips. Play: follow a path; chip pick up; move the chip but don't attach it". Also use for sorting, counting and in-hand manipulation tasks.

X2503 Magnetic Chips (20) & Wand Set

X2502 Magnetic Chips (50) only

 CHOKING HAZARD Small Parts Not for under 3.

DELUXE PEG SET

The only peg set you'll ever need or want. Soft plastic board and 300 assorted colored pegs in 3 sizes. Unique board joins with storage space to form a handy carry box with a handle. Can also be used

vertical for display. Some picture ideas included in design booklet.

P3502

 CHOKING HAZARD Small Parts Not for under 3.

IN-HAND MANIPULATION BOX

Therapist designed box of finger fun! Includes tasks to work on small muscle control of the fingers. Start by manipulating three small balls around the palm. Next use the unique adjustable butterfly device for placing washers. Third task places chips into hand held container and last uses the pencil-like magnet device to pick-up, retrieve and retain as many washers as possible in one hand. Unusual and motivating devices challenges the hands and encourages hard work from the finger muscles needed for writing.

P6704

 CHOKING HAZARD Small Parts Not for under 3.

Pinch - Grasp - Manipulation

WIND-UP TOYS

A fun assortment of 3 quality wind-up toys, each with attention grabbing actions. Some flip and roll, some popover and some are part of a marching band. All great for encouraging bilateral coordination, fine motor skills and finger strengthening.

P7911 Set of 3

P7915 Single wind up assorted styles.

CHOKING HAZARD Small Parts Not for under 3.

MOSAIC PUZZLE

Set comes with 490 half inch plastic squares and triangles that fit perfectly into the square holes of the grid. Create your own patterns and pictures or follow the ones provided. There are 6 full size pictures that fit under the grid allowing for simple one to one matching to complete the picture. The 24 pictures in the booklet are smaller and so must be copied by counting and spatially figuring out where to start and when to change colors. Handling and placement of the small, colorful pieces facilitates development of a refined pincher grasp. But for removal everyone loves using the special suction tool provided. Also try using one of our tweezers to help with placement and removal. A terrific product you will reach for again and again!

P8083

WHAT AM I?

Combine charades with Pictionary™, add some chunky foam magnetic pieces and you have What Am I? Choose one of over 60 pictures from the included booklet and try to build that picture on the magnetic game board. Correct guesses, earn points. A creative construction game for building hand skill, visualization, motor planning and creativity.

P3236 Discontinued

CHOKING HAZARD Small Parts Not for under 3.

WOK 'N' ROLL

Players race to fill their bowls with the most food! Chop stick tongs must be used skillfully to get food pieces from wok. But challenge increases when the switch is flipped and the bowl starts to shake, rattle and roll! A great activity for increasing arousal levels or demonstrating the difference between calm and excited states.

P0560

CHOKING HAZARD Small Parts Not for under 3.

KIM'S KUP

Designed by a therapist, this simple product accomplishes a lot. 6 inch, high clear plastic cup with handle and 2 screw on/off caps. Caps have two different sized holes and a slit on top allowing various items to be pushed/dropped inside. Set includes: 6 spiny critters, 6 spiny balls, 12, 2" long pegs, 12 small 1/4 inch pegs, 12 plastic counters and 12 small beans. All require different grasp patterns and varying amounts of pressure to drop through holes into the container. Great early toy, the handle encourages the use of both hands. Children love the simple cause and effect, the see through container, the feeling of accomplishment and the unique rattling when shaken.

P6702

CHOKING HAZARD Small Parts Not for under 3.

MY TISSUE ART

What a great idea – keep the best part of a classic classroom art project and get rid of the messy, hard to control part. The artist must still crunch up the small tissue paper squares into balls of color but instead of worrying about too little or too much glue, they now just push them down onto the self stick pattern card. Comes with 800 rainbow colored tissue paper squares and 6 self-stick pictures. A great bilateral fine motor, and finger strengthening activity. And clean-up is now a snap so, “on the go” therapists have a new tool!

P1965

CHOKING HAZARD Small Parts Not for under 3.

Pinch - Grasp - Manipulation

MINI CLOTHESPINS

Small, 1” colored plastic clothes pins that work! 24 in a package. Ideal for fine pinch and finger strengthening. Place around boxes, on clothes, attach to each other, even use to pick things up.

P4802

CHOKING HAZARD Small Parts Not for under 3.

BEAN COUNTERS

You receive 200 flat 2 color chips with a unique bean like shape. White on one side, red on the other. Great for working on in-hand manipulation skills and speed. Try putting 3 in your hand and turning them all to the same color, or line up 10 or more in a row and see how fast you can turn them over. When cleaning up, pick up each one with fingertips, no sliding to edge of table allowed.

P6703

CHOKING HAZARD Small Parts Not for under 3.

MINI DICE

These tiny 1/4” little guys are real dice in mixed colors. So cute and appealing everyone will want to play. You get 24 in a package along with activity ideas. Great for number and color matching, picking up with hand tools or with fingers for in-hand manipulation work. Also develop the arches of the hand as you practice that perfect roll!

P4804

CHOKING HAZARD Small Parts Not for under 3.

CRAZY CLICKERS

1” round face with crazy eyes and a large mouth that “clicks” when opened and closed. Can be used as a noise maker or a grabber. Place index and middle finger on protruding eyes and thumb underneath in his dimple to encourage a 3 point pincer grasp and palmar arching. Brightly colored, highly motivating and fun!

P4807

CHOKING HAZARD Small Parts Not for under 3.

PUZZI-BITZ

PuzziBits are a 6 sided flexible building/art tile with a unique patented interlocking design and many diverse applications. Create a funny 2 dimensional monster, a 3D dragon or an awesome O.T. Power Bracelet with these 150 colorful, highly durable, 1 inch pieces. Once completed, the pieces stay together until taken apart. Follow the patterns included or create your own designs and cute little critters. Hands and fingers get a real workout building these flexible works of art!

P5015 Monsters Discontinued
P5018 Bugs Discontinued

CHOKING HAZARD Small Parts Not for under 3.

DISCOMAT

Discomat is one of those super enticing products. One look at all the colorful patterns, grids and plastic discs and they're hooked; adult or child. Players work to duplicate the pattern cards by placing the correct chips in

the slots between the two sides of the grid. Also, try making simpler or more complex patterns on one grid that the other player then copies. Both grid and pattern cards are presented vertically so you get a terrific shoulder and upper extremity workout in addition to the manipulative and perceptual challenge. Comes with 300 chips, 12 pattern cards and enough other materials for 4 players. Great for groups, classroom centers or to keep costs down, split a set with a friend.

P0112 Discontinued

CHOKING HAZARD Small Parts Not for under 3.

Pinch - Grasp - Manipulation

TAKE ALONG DESIGN & DRILL

All kids love playing with tools! Similar to our Drill & Design Activity Center, (P3519) but new compact carry case folds out into a sturdy design board with 60 bolts in 5 new colors, 3 interchangeable bits and a power screwdriver instead of a drill. Activity guide with 10 patterns to follow is

also included. Provides hours of fine motor, construction fun for little builders. **P3522**

JUMBO STICKER PUZZLES

Each of the 8 puzzle sheets is divided into 15 numbered squares. Players peel off a numbered self stick piece of the puzzle and carefully place it on the corresponding space on the worksheet. Continue doing this until all squares are filled and a colorful scene is revealed. Placement of the 1 inch square pieces challenges fine motor skills, attention to detail, ability to remain focused and number matching. Assorted designs; 1 pack only.

P5537

MY FIRST PICTURE MAKER

A terrific addition to the Magnetic Mosaics line. My First Picture Maker lets younger children (4+) experience the delight of following a pattern and ending up with an amazing creation. Smaller 12 inch square playing surface and larger 5/8 inch

square magnetic tiles combine to make grasping easier and completion faster. Comes with 300 tiles in 10 colors, 20 reusable picture templates and easel. Color key is now coded not only by number but letters and symbols as well. Helps build hand and arm skills visual perception, decoding, decision making and more. **P2232**

⚠️ CHOKING HAZARD (1) Not for under 3.

LARGE PEG & PICTURE

Beautifully crafted 10 inch square solid wood board with 81 holes. Comes with 88 chunky, easy to grasp pegs in 4 colors and 4 full sized patterns. Perfect for preschool through early elementary students, working on visual perception, fine motor skills, patterning and endurance for task completion. **P5616 Discontinued**

⚠️ CHOKING HAZARD Small Parts Not for under 3.

PEG DOMINO

Classic matching game with a great fine motor twist. Players take turns placing the 28, 1-1/2" bicolored plastic clothespins on the vertical dividers of circular board. First player to match all their clips wins. Finger strengthening has never been this much fun! Also great for working on wrist and forearm positioning, color matching, turn taking, and beginning strategic planning. High quality plastic used in construction.

W6245 Discontinued

⚠️ CHOKING HAZARD Small Parts Not for under 3.

TWIST AND SORT

Unique wooden toy promotes color and shape recognition along with manipulation and problem solving. Each of the shaped pieces can be moved all the way to the bottom of only one of the 4 posts. Can you get all the pieces down the correct post and can you do it faster next time? **P3790**

⚠️ CHOKING HAZARD Small Parts Not for under 3.

WIKKI STIX PLAY BOX

Yes, it's finally here, a box full of actual activities to do with Wikkis! The set comes with 144 colorful wikkis, detailed instruction and 30 preprinted reusable activities. Enough materials for groups of 6 children to trace, twist, stick and build. Reinforce letter, number and shape formation along with construction skills, fine motor control and finger strength. And best of all, it is all re-usable! Great way to structure a play date, birthday party or fine motor group.

P3006 Discontinued

Pinch - Grasp - Manipulation

STIKEEZ

Stikeez here, Stikeez there, Stikeez everywhere! These adorable little guys are not even an inch tall but they sit atop a strong suction cup that sticks like crazy and releases with a reinforcing "pop!" when pulled. Perfect size for working on in hand manipulation, pinch, finger strength, and the ability to alter hand/arm positions smoothly. Try alternating the placement of Stikeez from table top to under table to table edge and watch the hands and fingers move! You get 5 to a set.

P3324

CHOKING HAZARD Small Parts Not for under 3.

FLIP 'N' STACK MONKEYS

This may be addictive, so be prepared! Place your first performer on the launch platform, press, and watch him jump, flip, and sail through the air, hoping to land upright on the magnetic landing pad. The object of the game is to get all of your performers stacked one on top of the other, in any arrangement. The super strong magnets in their arms and legs make seemingly impossible catches a reality. But it takes some steady hands, a good eye, and lots of focus to control your launches. Easy to learn – hard to master! Play with friends or by yourself. Comes with carry bag for anywhere flip, stick and stack'em fun!

CHOKING HAZARD Small Parts Not for under 3.

P2210 Flip'N'Stack Monkeys Discontinued

FREESTYLE SKETCH

The next generation from the Etch a Sketch people! Use the joystick like control knob to draw curves, squiggles, circles and even letters. As always, just shake to erase and start your next masterpiece. Perfect for working on arm and hand control and directionality.

U7623 Discontinued

LARGE-SIZE POPBEAD SET

This set includes a dozen each of stars, hearts and teddy bears for a total of 36 beads and 24 rings. Each popbead is easy to hold at approximately 1" wide and 1/4" thick. (All interlock with each other and with the others below.)

P9903

SMALL-SIZE POPBEAD SET

This set includes a dozen each of twists, ovals, and round beads, in 2 colors, for a total of 48 beads and 24 rings. Popbeads are approximately 1/2" long and 1/4" thick. Rings add a new and different challenge.

P9904

POPBEADS

It took us awhile, but we finally found the BEST POPBEADS and they REALLY WORK! All the benefits of the old stand by activity, but made more fun and motivating by the new designs available. These hard to find popbead designs are made in the USA, of high quality plastic. A wonderful activity to address bilateral hand skills, finger strength, and stability of the hand. As with most small items, PFOT provides a recloseable plastic bag, for easier travel in your treatment bag or in backpacks. Three types are available, and all are interconnecting!

CHOKING HAZARD Small Parts Not for under 3.

BUTTERFLY POPBEADS

By popular demand we have expanded our line of fine popbeads! Like our other large popbeads, they're easier to grasp, they'll connect to all other designs, but they're also more resistive! A great challenge for fingers! 24 in a set.

P9905

WARNING:
CHOKING HAZARD-Small Parts.
Not for children under 3 yrs.

MINI PLAYING CARDS

2 1/2 inch glossy finished playing cards in a plastic storage box. Great size for smaller hands or makes larger hands work harder. Unlimited uses for therapy and play. Small and convenient for travel and therapy bags.

P1501

Pinch - Grasp - Manipulation

DRILL AND DESIGN

A powerfully fun and meaningful activity for a wide range of children. Use the "power" drill or screwdriver to screw bolts into the 100-hole activity board. Set comes with 120 plastic bolts in 5 colors, 3 interchangeable drill/screwdriver bits, 2-sided wrench and 10 picture/pattern cards. Follow the cards or create original patterns. Watch hand and planning skills develop as this well designed tool provides years of fun and purposeful activity.

P3519

CHOKING HAZARD Small Parts Not for under 3.

LARGE HEADED SNAPPERS

So vibrant and authentic looking kids cannot help but interact with these jaw snapping wild animals. The 12 inch long handle and trigger mechanism are constructed of heavy duty plastic, more durable than most. Larger mouth opening and heavier weight facilitates two handed use when picking up items.

Buy 2, even wild animals need friends.

P9878 Shark
P9879 Dino

CRITTER BALLS

Perfect food for hungry animal snappers! A spiny ball with a cute little face and long tail! Great used with our toolkit for developing hand skills or as classroom manipulatives. See how many you can hold in one hand or will fit into cupped hands. Assorted colors; 6 critters per set. **P3905**

CHOKING HAZARD Small Parts Not for under 3.

ANIMAL SNATCHERS

12" reacher. Easy one-handed trigger operation. Fun to "eat" marbles, cotton balls, etc., but don't let him "eat" you! A great crossing midline activity.

P4801 Alligator
P4810 Dolphin

SQUIGGLE WIGGLE WORMS

Cute little worms bounce up and down in the big red apple, just waiting to be picked. Pluck one and check the color of his tail. Keep your color, but put the others back. Player with the most worms wins. Helps develop timing and digital grasping patterns. A delightful game, full of giggles and squiggles. 2-4 players. No batteries required. **P2061**

CHOKING HAZARD Small Parts Not for under 3.

POP BEAD CRITTERS

Leave it to Klutz to do pop beads their way! You get 167 pop beads of various sizes, shapes

and colors, including some shaped like animal heads and bodies. Most beads are similar in size or smaller than our classic small ball, twist and oval pop beads (P9904) so they can be challenging. You also get an 18-page book with step-by-step guide to creating zany spiders, dogs, octopi and more; along with illustrated backscapes for them to play on. A fun, motivating way to challenge fine motor and bilateral coordination as well as direction following and creativity. **P9908**

CHOKING HAZARD Small Parts Not for under 3.

PEEL AND STICK

At last, you get all the great benefits of a craft project but without the mess, prep time or uncertainty regarding outcome. Success is virtually guaranteed as kids peel and stick the colorful foam tiles on to the numbered picture boards. Includes 4 projects and enough sheets of colored foam squares for 4 players at the same time. A fun, motivating, take anywhere activity to help improve hand skills, concentration, visual perception and decision making confidence.

P2592 Wings

CHOKING HAZARD Small Parts Not for under 3.

STACKING CAPS

The sheer abundance of color and material you get with this product makes it irresistible! The approximately 1" x 1/2" plastic caps come in 10 attractive colors and they stack. A terrific way

to work on the arches of the hand and finger mobility, mid range control of fingers and arm, grading of movement, as well as design copy and direction following skills. Try holding 5, 10 or more in a stack in your hand. Then place them down one at a time on the table. Pick them up again duplicating the order of a different stack or as verbally instructed. Increase level of arousal and speed of response by having 2 or more players race to complete a set tower design.

Enough pieces for large groups or to share with another

CHOKING HAZARD Small Parts Not for under 3.

PEGBOARD

There are so many therapeutic and educational activities packed into this one little 6x6" box, it is difficult to outline them all. Box contains plastic, 100 hole pegboard, 20, 2-sided color pattern cards of increasing difficulty and 120, 5/8" plastic pegs in 6 primary colors with large tops for easier grasping and manipulation. Instruction sheet reviews many uses for this versatile

set. If you work on fine motor control, eye-hand coordination, visual discrimination, ocular motor control, auditory and visual memory, then this will be a great addition to your bag of tricks.

P6200 Discontinued

 **CHOKING HAZARD** Small Parts Not for under 3.

SCREW BLOCK

Who would think that from a simple block of wood such a great therapy/developmental tool would come! Screw and unscrew the large chunky wooden bolts into the horizontal wood block. But if you really want to challenge shoulder, arm and hand skills, place block vertically. Use screwdriver or hands, it's a great workout either way!

P3787

MULTI-CUBE PEGBOARD

An exciting complimentary piece to the multi-cubes. Molded in strong translucent plastic, this 8" square board has 100, 3/4" pegs standing on it. Cover all 100 pegs with multi-cubes or make patterns or towers. Placement and removal of the cubes from the pegs facilitates more distal, fingertip grasping and arching of the hand.

V6263 Discontinued

MULTI-CUBES

Bag of 100, top quality 3/4" cubes in 10 bright colors. Cubes link on all sides for six way finger strengthening fun. A playful, manipulative to work on motor planning, 3 dimensional design copying, sequencing, patterns and spatial concepts.

V6262

 **CHOKING HAZARD** Small Parts Not for under 3.

KEY CHAINS

And you thought they were just for holding your keys... Think again! These brightly colored plastic 2 1/2" belt clip key rings are great hand/finger therapy tools. Brightly colored and highly motivating. Attach many together to form long chains or necklaces. Comes 12 to a set in assorted colors. Great for classroom and home programs.

P4808
