Bilateral Motor Coordination

"The skilled and coordinated use of two hands/arms/sides of the body at the same time is encouraged and developed as your child plays with and practices these activities."

CHOPPER SQUADRON

Great bilateral motor activity where one hand holds the power base the other hand pulls the power launcher... sending one of 4 small plastic helicopters flying and/or spinning away! Also great for working on arm strength, visual tracking and reflex inhibition.

B1872

ORBO

Orbo, the snap and match puzzle ball! Baseball sized orb comes with 13 holes, 12 of which have different colored balls resting in them. Players must push the balls out of one hole and get it to "snap" into another hole. This continues until all the balls are resting in the hole ringed in the same color. One hole is unringed and will remain empty. When complete, mix it up and do it again! Hands, eyes, patience and planning all get a real work out with colorful little Orbo.

B3312

ZOOMBALL WITH FOAM CUSHIONS

Larger and longer version of the classic Zipper. This ball is 7 inches long and travels back and forth along an 18 foot length of rope. To reduce fear and force associated with any incoming balls hitting handles, small foam balls can be threaded onto each line acting as a bumper between the easy grip handles and the propelled ball. This tricky therapeutic piece of equipment provides a total body workout. Great for adults as well as children.

B2458

FACE FLY BEANBAGS

These flying beanbags are made from brightly colored durable nylon scarves. Little hands can readily grasp and throw the lightweight bean bag "head" or the flowing tails. Throw for distance, aim at a target, spin one, spin two, pass them in circle, play catch with a partner or by yourself, juggle, etc. Endless play possibilities with this set of 6 in 6 different colors.

Q5031

PURPLINKER

The Purplinker capitalizes on the perennial fun generations of kids have had playing with an old-fashioned carpenter's ruler. Follow the patterns provided to create capital letters from A-Z, numbers 0-9, and a multitude of simple to complex shapes. Play as a typical design copy activity or accept the additional challenge of folding the Linker arms so the correct number of holes on each arm is visible. If the number of holes in your shape is different than the number of holes on the pattern, then you must refold the shape. A wonderfully compact, take along tool that challenges visual and motor skills while helping develop motor planning activities.

B8929

TUBATION

Fun, successful, early construction set of 40 colored unbreakable ABS plastic tubes. Four "pipe like" shapes readily fit together encouraging creations both big and small! Almost as much fun to take apart as to build. Comes in a great box with take along handle.

B0532

MINI SUPER SPORT DISK

Hey, these rackets are round, is that right? Well, when it comes to Mini Super Sport Disks, round is right and beautiful as well! Hand-somely designed 12 in. diameter rackets with a super stretchy but durable elastic center and foam rim. Hold the rim with one or both hands to catch, bounce or shoot a ball over 100 ft. Comes in a set of 2 rackets with one ball. Can be used with almost any type ball but water balloons and koosh balls work very well. Try using the Sport Disk to play modified volleyball, tennis or baseball. Go for distance or accuracy. Throw it, catch it like a frisbee; great beach toy, it floats! Lightweight material and large "sweet spot" on net makes this a very successful racket.

M6676

INTERLOX

Build, design, create with these 2 inch square translucent panels in 5 beautiful colors. No hardware or other materials needed. Simply line up the slots in the edges of 2 pieces and push together. Create buildings,

robots or stained glass-like pieces of modern art. Some design ideas provided on packaging. 96 pieces provide a great bilateral, fine motor and motor planning workout. Some builders find the perpendicular positioning of the panels challenging both physically and perceptually.

B2389

BLOCO BUILDING SET

The models you create with Bloco are all amazing! Whether you follow one of the patterns or create something of your own design, your efforts will be rewarded. Colorful pieces of high density foam are held together with plastic figure eight shaped connectors. Instruction sheet breaks

down the large constructions so they are built section by section. Quantity of each part needed for that section is provided to help with organization. Presenting the directions in this manner allows even younger children to successfully build. The finished products are truly awesome providing each builder with a satisfying "I did that" moment. A wonderful way for children and adults to work on visual perception and fine motor skills.

B1325 Dragons & Reptiles Discontinued

WOODEN STRINGING BEAD SET

This set consists of over 200 quality 1/2" wooden beads and 8 colorful laces packed in a sectioned wooden tray with slide on Plexi-glass cover. The uppercase letter beads are natural wood while the shapes are colorfully painted. Multiples of each letter are provided to allow more than one player at

a time. A visually exciting product for all ages. Facilitates fine motor control, bilateral coordination, sequencing, letter recognition, spelling, design copy and more! **B1762 Discontinued**

FUN SPECIALTY STRINGING BEADS

Bored with your standard beads? Add life, color and pizzazz to a classic developmental activity with this new set. At approximately 1 inch, these brightly colored, high quality plastic beads are a good, challenging size for hands. Set includes 48 beads, 12 in each of 4 categories: transportation, safari animals, marine life; pets, and 100 multi-colored pony beads for use as spacers. Great for stringing, sorting, patterns, in-hand manipulation, tool use and classifying. The possibilities are endless. A perfect pairing with our handy bead stick!

B9922

MANUSCRIPT STRINGING LETTERS

Beading fun with letters! These 3/4" capital letters are 3-dimensional, so you can feel all the bumps and curves. Each letter has a hole through its side. This allows the laced letters to hang unobstructed in correct reading orientation. Set includes 288 pieces in primary colored plastic – so there's lots to share. Try standing letters on a tabletop, push into clay or sort by color or shape using our new tweezers or other hand tools. (Laces not included).

B4112 Uppercase Letters

B4189 Lowercase Letters

LONG TIP LACES SET

You can never have enough laces! These are 36 inches long and have an extra long plastic tip for greater success. You get 2 in a set so make sure you have some with all of your lacing materials. **B4033 \$1.50**

LACING NEEDLES

Get a set of 5, blunt -ended plastic needles to use for all your lacing needs. The 3" long needle provides greater stability and so increased lacing success. **B4134 (set of 5) \$2.95**

BEAD STICK

A most versatile piece of equipment. Hold the dowel at the end cap and place beads over the tip. Bead stringing now becomes an activity for young and old. Great for bilateral coordination, range of motion, upper extremity stability and in-hand manipulation. Can be easier to work with than floppy laces. Will work with most size beads.

B6711 (set of 2)

Bilateral Motor Coordination

THE ZIPPER

Classic two player toy for developing bilateral coordination, team work, timing, arm and hand strength and endurance. Soft 5" ball with approximately 7 feet of string. Smaller size makes it easier for indoor use and for fitting in therapy bags.

B6905

JAW BONES

Build a model or create a piece of art with this new construction system. Each storage jar is filled with 100 brightly colored plastic pieces that have been carefully researched and engineered to fit together securely while providing the most fun, functional and versatile connections. Pieces ratchet, swivel and snap together in countless ways providing hours of fine motor, bilateral and motor planning play. Instruction booklet with 14 detailed project plans is included.

B5611

PFOT "CUT-AWAYS" Fastening Aids

The best training aid around. More functional than dressing toys, "cut-aways" allows you to actually practice buttoning and zipping anytime anywhere. With velcro collar and waistband and no back panel, "cut-aways" are one size fits all and easy to stuff in a therapy bag. Neutral print cotton is machine washable.

M7090 Large Buttons

4 large buttons with slightly larger button holes to facilitate success while learning motor pattern.

M7092 Multi-size Buttons

6 buttons, (2 large, 2 medium, 2 small) with appropriate sized buttonholes.

M7094 Separating Zipper

A full size separating zipper front.

M7096 Snap Open - Close

M7099 Original 3 piece set

Large button, multi-button and zipper.

M7097 Complete 4 piece set

Both buttons, zipper and snap

SUPERCATCH

Greatest ball game ever - it should be called Sure Catch! Far superior to all other velcro mitt and ball games. Well constructed of durable hard plastic and brightly colored velcro. Roll it, throw it, bounce it, play alone or in groups - it's hard to miss! Develops hand/finger strength, builds eye-hand coordination and promotes self esteem. Set includes 2 paddles and a velcro plush tennis-sized ball. Extra Supercatch balls are especially useful for independent play.

B1401

Extra Ball B1402

FROGGY TOSS

Young child version of our classic Supercatch (B1401), velcro catching game. But Froggy Toss has 2 soft mitts and 2 soft balls. No one gets hurt but everyone gets to practice their catching and throwing skills. **B1757**

CARIBBEAN DRUMS

No drum sticks, just fingers needed to play these authentic sounding miniature steel drums. Create some cool tropical sounds or just tap out a tune to your own inner drummer. Try labeling each section and have player duplicate a pattern. Full scale represented so the sky is the limit! Features record/playback and freestyle functions. Batteries required. Great size for travel or therapy bags. Work on finger isolation, bilateral coordination, sequencing, rhythm and response speed, all while having a fun little jam session!

B1500

ACCORDION PIPES

The one and only corrugated plastic tubes that make an amazing, addicting sound when pulled open and pushed together. 8 inch long, vibrantly colored pipes expand to 3' when fully expanded. Pipes can be linked together and bent to form twisted designs and marble mazes (sorry-no marble included). Great for

developing hand, finger and arm strength, hand stability, bilateral coordination, motor planning and visual and auditory attending. 12 pipes to a set.

- B8701 Assorted colors**
- B8702 All clear pipes**
- B8704 1 of each set**

ACCORDION PIPE ACCESSORY KIT

By popular request, we have put together some of our favorite materials (2 end stoppers, 6 marbles, die and game ideas) **B8703 Accessory kit**

SENSORY BALL

It's the perfect sized ball (7 inches) covered in perfect little nubs. Provides strong tactile input when thrown, caught, rolled, grasped or hugged. These balls are a sensory sensation!

T2707

MINI BUMPY GERTIE

5" dia. comes pre-inflated and covered with mini bumps. **T2720**

GERTIE BALL

Very unique soft tacky texture makes these safe and easy catch for young children. 9" ball comes with straw for easy inflate and deflate. **T2701**

NOBBIE GERTIE BALL

2 color gertie with little green nobbies covering the surface. Adds visual and tactile interest. Soft and nonthreatening, but very visually alerting!

T2704

MONDO GERTIE BALL

Same easy to blow up design but in a larger, easier to catch size. Great for beginning catch and throw activities. Soft and non-threatening, 20" dia.

T2703 Discontinued

Bilateral Motor Coordination

TEXTURED POP BEAD

Easy to grasp, easy to snap, these textured beads are just the right transition size between our extra large snap beads for infants and preschoolers, (E8322) (E4403) and our more challenging sets of stars, hearts and bears (P9903). 100 beautifully crafted colorful beads in reusable plastic tube. Great for refining hand skills, shaping arches of the hand, and reinforcing bilateral hand skills.

B3639

BUZZ SAW

This high quality whizzer is made with wooden handles and a leather wheel. It requires bilateral hand use and coordinated and properly timed movements of the arms to keep things going.

B4303

ZOOBS

Zoob is the greatest snap, click and pop together toy! Pieces come in 5 slightly different shapes and 5 colors, and all interact

with each other. Zoobs are intrinsically easy to use, so kids are not intimidated by complex connections. Simply push together and pull apart! And once together the pieces can move and rotate, increasing play value. Unlimited, open-ended building potential spurs the imagination but the 40 piece travel set does come with directions for some amazing creations, as well as a clear vinyl carry case with shoulder strap. There is also a special piece that provides a stable base for building or standing your constructions. Perfect, success oriented construction toy will also improve hand and arm strength, motor planning and bilateral coordination!

B0441

Bilateral Motor Coordination

ZOOMORPHS

Built for years of successful play, Zoomorphs are durable, high quality, snap together animals. Set includes 40 interchangeable pieces that push together to form 4 realistic or fantasy creatures. Highly detailed with lots of color and texture

any construction will look good. Helps develop hand strength, imagination and body awareness.

B9385

Discontinued

TOMY CONSTRUCTABLES

This simple construction set is perfect for kids ages 3 and up. The 18 big chunky pieces actually transform into a motorized, plane, train, helicopter and race car...or try building a vehicle of your own design. Beautifully crafted, the pieces push

together to form sturdy constructions with twirling propellers, turning wheels and a smoke stack that spins. Great for motor planning and bilateral coordination. Batteries required.

B0534 Discontinued

FOAM FLYER HELICOPTER

Up, up and away it goes! This soft, lightweight, foam helicopter really flies. Hold the launcher

in one hand, place the copter on the connector, then pull the retractable string and watch it go! Great for bilateral coordination and visual tracking. The smooth and simple mechanism makes this a motivating and successful toy for indoor and outdoor use.

(Supervision is recommended for this and all flying toys!)

B6931 Discontinued

TURBO TOP TOWER

You get 5 colorful tops in graduated sizes and one wind-up launcher. Wind top onto launcher in a clockwise motion until you feel resistance build. Hold firmly in one or 2 hands, push release button and watch the

tops take off. Best results when launcher is held straight and just above table surface. Increase the challenge and try to get all 5 rotating at the same time or if you are brave, try stacking them. Can you get all 5 towered?

B6435

FUN TO FASTEN DRESS UPS

These are almost too good to be true! Adorable dress up outfits designed with realistic details to foster pretend play and language skills while also developing dressing and fastening skills. Three different careers and fasteners represented in each set (buttons, snap & zipper). All are highly durable, made from a machine washable cotton blend fabric. One size only, fits children from 2-7 years or possibly older. Matching hats included. Perfect item

for preschool, day care and at home dress up areas. Dress Ups also make great Halloween costumes.

B9906 SET A

(Construction, Fireman, Artist)

B9919 SET B

(Doctor, Chef, Vet)

B9986 One Button Dress Up

B9988 One Zipper Dress Up

B9987 One Snap Dress Up

TORNADO SPINNER

This action toy is hard to describe but harder to put down! One hand holds the bottom ring, while other hand grasps the wooden bead, then gently and quickly pushes up, releasing the bead before spinner reaches the top. This sends the tornado, made of colorful mylar strips into action. Up, up, around, around, then lightly back down, ready to start again. Some say it looks like hot glass blowing. Great for bilateral hand skills, grading of movements, fine grasp, and visual tracking. So simple to operate, yet fascinating to watch!

B2601

ZOOB – THE GAME

Award winning construction toy is now an exciting, new board game! Players move around the board collecting zoob pieces and race to build the secret Zoob creation on their card. Comes with 27 Zoob creation cards and 37 Zoob pieces. Great for design copy, motor planning, bilateral coordination and arm and hand strengthening!

B4581 Discontinued

TRICKY FINGERS

All cheer the return of this wonderfully tricky game! Standard set includes 2 individual playing boards and a set of 14 design cards. Great for classroom activity centers and group work. This modern classic of a game requires movement of 16 colored balls within the self-contained box. Patterns are duplicated by moving balls from holes in the bottom of the board. Helps develop kinesthetic awareness of fingers, bilateral and perceptual motor skills. Play individually or have races.

B4404

HEX PEG

Exciting new twist on the classic geoboard game where rubber bands are stretched around posts to create shapes and designs. In this version, the large 6 sided board has 37 posts interspersed with 54 peg holes; additionally there are 54 pegs in 4 colors. Players take turns stretching bands across 4 posts making straight lines. Each line must be attached to a previously made line by at least one post. As lines are attached players

attempt to form triangle shapes with one peg hole in the middle. The peg hole is then filled with one of their pegs. Person with the most pegs on the board is the winner. As an added bonus, Hex Peg also includes a set of design cards. Copy the placement of pegs and rubber bands to duplicate the pattern. A seriously valuable tool for working on bilateral and fine motor coordination, visual perception and visual planning.

B0112

THREAD HEADS

This friendly family of four just loves to change their look! Simply unscrew all the interchangeable ez thread blocks and then re-thread them a different way. Make little brother taller than Dad or dress Mom all in red. Beautiful solid wood blocks give the hands and arms a real bilateral workout. Heirloom quality, you will have them for years to come. **E3793 Discontinued**

BABY SODA BOTTLES

You get 3 large clear plastic test tubes with soda bottle caps to keep them tightly closed. Perfect for securely storing pegs, pennies and other small manipulative. Great “put in” containers when using tweezers or tongs and as bottom is not flat but rounded, it must be held, facilitating bilateral hand use.

P6127 3 pc set

P6129 15 pc set

CARD HOLDER

Allows children as young as 3 to hold and organize cards, without the cards being bent, dropped or shown inadvertently. Ends frustration for both adult and child and makes cards fun again for the whole family! You may need more than one.

B9831
