It is recommended that adult supervision be provided at all times when using any moveable surface.

CHILLY SWING

A wonderfully secure space for swinging in the breeze or just hanging out. Swing with feet up or feet out! Comes fully assembled and ready to go with detachable pillow back and hanging clip. Made from water and weatherproof cordura. Holds 200 kg/400 lbs. Enclosed yet see through sides help reduce gravitational insecurity.

Q5622 Discontinued

AIR CUBE

Giant cube, 4 ft. on all sides, looks like it should weigh a ton but in actuality it's as light as a feather! Use hairdryer for 2 minutes to fill completely. Similar to a balloon, the Air Cube will float in the air with gentle taps and hits keeping it afloat and changing its direction. Great cardio and whole body workout for individual or group play. Durable. Includes draw string storage pouch.

Q5300

BOAT SWING

This Beautifully crafted, heirloom quality swing could easily become a favorite memory of childhood for your children and grandchildren. Also a perfect, non-threatening way to introduce and provide ongoing vestibular input to little sailors. Child can sit out "on deck" or stay below and be more secure. Support straps are approximately 42 inches long and boat is 12 inches deep. Sturdy aluminum frame is upholstered in padded, long wearing polyester with nylon sail and mesh portholes.

Q9870

SOFT GYM 7 PC SET

A terrifically versatile set of gross motor equipment for the clinic, classroom or playroom. Can be continually re-configured to challenge the child as they grow and develop. Use all the pieces together or divide them up for even greater versatility and value. Durable, high-density foam with a wipe clean surface. Mat is 4'x2' and wedge is 2' long, 2' wide and 1' high. You receive 2 mats, 2 wedges, 2 bridges and 1 balance log. Holds 88lbs. Mats are perfect for babies and toddlers but when using the other pieces, children should be 4+ years of age. Roll, climb, tumble, balance, you can do it all with this amazingly adaptable set! Use on mat or othersoft surface.

Q5043

Additional shipping:

DIZZY DISC JR.

A great new adjustable spinning and balancing ride on toy. Provides lots of vestibular/movement input in a small space. Large 16" textured top surface can easily be adjusted to change angle of slope to match level of skill. The wide 18" base provides maximum stability and a built in carry handle. Try sitting, kneeling, lying down. Maximum weight is 150 pounds. No assembly is required. (Adult supervision, caution and common sense is recommended when using this and any moveable surface.)

T4722

ROTATING BOARD OVERLAY

Unique adaptation to a classic piece of vestibular equipment. This 32"x 16"x 1/4" board slides easily over and secures to the top platform of a Dizzy Disc® giving you a long, rectangular rotating board. This allows larger users in sitting and prone position as well as the use of side lying position for many children. Additionally, the elongated top helps physically support those with low muscle tone and/or other motor difficulties. Light weight with cutout handles for easy travel from school to school or house to house.

Q4725

Equipment

CRITTER BEAN BAG SET

Colorful, 12 piece set of bean bag critters. The 6 lady bugs count 1-6 and the 6 frogs are a great size for throw and catch. A motivating, friendly addition to you bean bag collection. **Q1732**

FACE FLY BEANBAGS

These flying beanbags are made from brightly colored durable nylon scarves. Little hands can readily grasp and throw the lightweight bean bag "head" or the flowing tails. Throw for distance, aim at a target, spin one, spin two, pass them in circle, play catch with a partner or by yourself, juggle, etc. Endless play possibilities with this set of 6 in 6 different colors. **Q5031**

ALPHABET BEAN BAGS

Made from soft cuddly bright yellow felt these 26 little bean bags are perfectly sized for little hands. Embroidered with upper case letters on one side and lower case on other side. Consonants are blue and vowels are red. Comes in easy store draw string bag with a tip sheet of activities. Great for hiding, spelling, playing pick up with snatcher or other tool and you Will discover about 1,000 other uses. **Q6073B**

BUNGEE JUMPER

Kids love jumping up and down on this soft foam pogo bouncer! Simply pull up on the padded handle attached to the resistive tubing. This helps to keep you stable and puts that extra zing in very jump. Works great indoors or out, providing a bilateral, whole body workout for everyone. Supports up to 200 lbs, so get 2 and do the Bungee Jump with your kids! **Q1658 Discontinued**

STEPPING LOGS

Watch balance skills improve after a few trips around these balance logs on a rope! Begin by organizing logs in a bumper to bumper

straight line. As balance and confidence improve, move on to more curved and open arrangements. Connecting rope makes them easy to move while raised surface provides traction and tactile stimulation. A "stack up" and take any- where bal-
ance beam. **Q0002**

MONSTER CLOMPERS

Step and stomp-do the Monster Clomp! Step up on the oversized foam monster feet, pull up on the sturdy padded rope handles and walk like a giant!

Use indoors or out to work on motor planning, bilateral coordination and balance. Feet are only 2 inches high and so provide a non-threatening successful play experience. **Q5001 Discontinued**

STEPPING BUCKETS

Wow, these buckets on a rope will add an amazing amount of gross motor versatility to your sessions. The wide, stable, tactile surface and bright primary colors of the sturdy plastic draws immediate interactions from young and old. They step, jump, bend, walk sideways and backwards starting with buckets close together and progressing until connecting ropes are fully extended. Turn some over to act as "pick up" and "put in" containers during stepping tasks or as part of an obstacle course. A stable 12 inches wide at the base, they are approximately 16 inches high when stacked together. **Q2192**

POP FLY

Powerful piece of equipment for improving arm strength, aim, and throwing and catching skills. Hit one of the 2 large paddles with your bean bag and POW!... a ball comes popping out ready for you or someone else to catch. (The harder the throw, the higher the pop fly.) Play inside or out with 1-4 players.

Q1877

**MOTOR SKILLS
BASIC BALANCE SET**

Terrific 16 pc. set of bricks, beams and poles provide fun and innovative platform for improving motor skills. Can be configured in many ways for focus on balance, jumping, crawling etc. Watch motor planning skills improve as children build their own constructions for play. Durable, versatile set with enough pieces to be functional but not

enough to overwhelm. You'll be using this set for years whether in a pre-school class, day care, therapy clinic or home setting. **Q5051**

RAINBOW RIVER STONE

Colorful, highly versatile piece of equipment for home, school and clinic. You get 6 stones in 3 sizes. Use them individually or stack 2 or 3 together to create a wider variety of heights. By rotating the stacked pieces you can also create

stone tops that are flat or angled increasing or decreasing the balance challenge as needed. Step, jump, balance, stoop. The kids will love this piece of equipment! Comes with carry bag for ease of transport. Holds up to 80 Kg. **Q5753**

CONNECTOR

You get 6 hard rubber connectors. Each Rainbow River Stone requires 3 connectors to keep its balance when linked to the Wavy Tactile Path. **Q1731**

WAVY TACTILE PATH

It's pretty and curvy and wavy and bumpy and kids cannot resist walking on it. Built to fit the arch of the foot while still challenging balance front to back and side to side. The 8 segments can be set up to create a wide variety of path shapes, increasing or decreasing balance demand, as needed. Can also be integrated with Rainbow River Stones using special connector pieces. Path segments are stackable so loading into included travel bag is easy. A truly wonderful piece of equipment! **Q5751**

FORTAMAJIG

Many children are overwhelmed and disorganized by large spaces. They feel calmer, safer, more organized and in greater control in a contained space. Create that space anywhere (home, classroom, clinic) and in no time with the Fortamajig! Large rectangle of rip stop nylon with 2 door flaps, a window, adjustable outer loops and 9 inner loops helping you build forts, tunnels, teepees, tents, a rocket ship or maybe a quiet place for homework, reading or simply resting. Inside or outside, attach loops to chairs, hand rails, door knobs, bed frames, tree branches, fences, deck rails, etc. Fully washable, the Fortamajig stores and travels in handy take-along bag. Kids will love and work hard creating their own private spaces. Motor planning skills, coordination and creativity are facilitated while calming and greater attending and cooperation may result. It worked for Spencer, it just might work for your student. And besides, it's just plain fun! Dads will love it too!

Q6155 Discontinued

Equipment

SPIN AROUND

Classic toy provides fun vestibular play while building hand and arm strength. A must have for every clinic, preschool program and home with young children.

E8316

WALKING SEESAW

This curved piece of wood is a great rocker/balance board for anyone up to 150 lbs. The flat platform with edges helps keep the feet in place. One 10 year old client said, "It feels like I'm riding a skateboard!" A great way to work on balance and weight shifting skills. **Q3686 Discontinued**

LABYRINTH BALANCE BOARD

Classic all wood, beautifully crafted balance board with a twist. First master basic balance challenges then try using those core, whole body responses, to direct the balls through the maze. Comes with 3 wooden balls and holds 250+ pounds, so perfect for adults as well as children.

Q0303 Discontinued

LARGE ROLLERBOARD

Large, round, 25 inch diameter scooter board. Perfect for larger children or 2 children at one time. Holds up to 175 lbs. Durable, attractive design with hole at edge to attach included pull strap.

Q1048

STEPPING DOMES

You get 36 durable plastic domes in 6 colors. If you are lucky you will get to keep them all but if budgets are tight, share with a friend or two. Work on balance, coordination and motor planning as kids step from one dome to another, jump over, or even scooter board around them. The uses are endless and they stack on included pole with carry handle. **Q1738 Discontinued**

STACKING SANDWICH GAME

This Get Up and Go Game is really a collection of 10 action packed activities all centered around large foam sandwich making ingredients. Pattern cards show you which ingredients and in what order the food needs to be placed on the bread. Can you remember the correct order and where to find them all? These activity based games encourage movement while improving memory and matching. So everybody up, let's go find some lettuce! **Q1778 Discontinued**

BLOCK BALANCING GAMES

Another Get Up and Go Game collection of 10 activities centered around a bunch of large colorful foam shapes. Players match, stack, and relay race following the prompt on the shape cards but physical and mental fitness is the ultimate goal. These activity-based games are perfect at home or in the classroom and are certain to engage body, mind and giggles, no batteries required!

Q1782

 **CHOKING HAZARD** Small Parts. Not for under 3.

BABY TRAMPOLINE

A small, 28" dia., fun but safe trampoline for 2-4 year olds or children up to 50 lbs. The canvas is tensioned so that even very small children will experience a spring effect when normally they are too light. Rubber cover offers protection from the metal frame and both large hand holds are foam covered for added protection.

Q5028

JUNIOR TRAMPOLINE

Suitable for both indoor and outdoor use, this trampoline has a tough weatherproof mat and tubular steel frame. The approximately 3'x3' bed has a padded cover to cushion the frame and prevent stepping through the bungee cord. Padded handle screws off and legs fold down for easy under bed storage. Holds up to 77lbs. Some assembly required.

Q6805

MONO TRAMPOLINE

Constructed for rugged use, this is one of the safest trampolines available! High yellow padding around the edge and fully padded handle provide superior protection for children as they jump. Welded steel construction supports a reinforced 41" dia. bed suspended on steel springs. Holds up to 130 lbs. Perfect piece of equipment for use in day care, clinic, classroom and home settings.

Q5025

ROTATOR

A great piece of equipment for providing vestibular input and balance training. Slightly oblong 20x18x5" spinning disc has a slight wobble for increased input and is perfect for lying, sitting or standing. Designed for younger children The Rotator will safely hold 150 lbs. Durably constructed with two molded carry handles for easy transport.

T4730

THE "BIG RED" TOP

The large, 32" dia. and pointy end makes this a versatile piece of equipment for balance, vestibular and whole body work. Large enough for 1-2 children, watch them get it rocking, spinning and balancing. Use in the pool or upside down as a fort. Strong plastic construction for indoor or outdoor use. Outer edge protects heads and hands while raised spots along the edge prevent children from getting their arms and fingers caught. A fun way to develop physical coordination skills.

Q5029

RIVERSTONES

Inspired by the stepping stones found naturally in brooks and streams, each side of these textured triangles vary in steepness. Highly textured for better traction and the rubber studs on the bottom prevent slipping. Use indoor or out to get kids moving. Have children travel around the room jumping or "giant stepping" from one stone to another without touching the floor. Use them in obstacle courses or build auditory memory as players must step on stones in the color sequence given. Three large and three small stones in six colors per set.

Q5027

Equipment

MASSAGE BALL

A great therapy ball with a great bumpy surface! Whether the kids roll on it or it rolls on them, the highly textured surface provides continuous tactile input. This helps to increase attending and alerting behaviors while facilitating motor

responses. Great addition to a therapy clinic or home therapy room.

Q1032 75 cm/29.5 in.

 CHOKING HAZARD Small Parts/Plug. Not for under 3.

AIR CUSHION: BIG BLUE

This large 22 inch air cushion, or as we call it, "Big Blue", is studded with bumps on one side and is more gently textured on the other side. Use it on the floor in sitting, kneeling or stand-

ing to challenge trunk and leg muscles and improve balance. Two children at the same time will have loads of fun trying to stay on their feet as they march around. And, it is a favorite spot for cushiony, wobbly, tactile exploration by infants and toddlers.

Q6676

 CHOKING HAZARD Small Parts/Plug. Not for under 3.

AIR PUMP

Fast, dual-action air pump. Comes with 2 attachments, one cone shaped for inflatables with a removable plug and one a needle attachment for inflating/deflating products that require a needle/pin type device.

Q5760

 CHOKING HAZARD Small Parts. Not for under 3.

FUN TUBE: SEE THRU TUNNEL

Terrific play tunnel made of a durable, fine nylon mesh so it is fully see through. At 6 ft. long and 19" wide it is the perfect first tunnel. Reluctant toddlers and young children are comforted by being able to see and interact with care givers even while they are in the tunnel. Sturdy spring steel construction with fully padded interior for fun and safety. Fully collapsible with velcro snaps for easy storage.

Q8937

BOUNCERS

A classic childhood toy built sturdy enough for use in therapy. Strong, vinyl therapy ball with large, easy to hold, one piece molded. Handle provides added stability and balance for the child being encouraged to sit on ball and hop independently. Great for postural control, vestibular and proprioceptive input. Can also suspend ball from the handle.

Q1118 Confetti 3yr+

Q1122 Red 6yr+

Q1126 Blue 9yr+

 CHOKING HAZARD Small Parts/Plug. Not for under 3.

GYM ROLL

A fun, versatile piece of therapy equipment. Inflates like a therapy ball but is more stable. Has the long cylindrical shape of a therapy roll, but is bouncier. Perfect size and shape on which to roll, bounce, lie, sit and straddle. Use to facilitate balance, and provide proprioceptive and vestibular impact.

Large, 40cm x 80cm
Q4735 Discontinued

 CHOKING HAZARD Small Parts/Plug. Not for under 3.

SUPER ENORMOUS TUNNEL

With a 28 inch diameter this is the ultimate tunnel. Designed for the "Big Kids" or even adults, this 6 foot long tunnel has a padded interior for greater comfort and can be joined with other Super E Tunnels. Due to large open feel even reluctant tunnel crawlers are more cooperative. Can also try using as a quiet, calm down space. Folds flat for storage.

Q5680

BALL VALVE TOOL

Hey, no more broken fingernails trying to pry loose a stopper from a therapy ball or seat cushion that needs re-inflating. This great little tool just scoops them right out.

Q1000

"KIDS ON THE BALL"

A terrific resource for therapists and others using Swiss therapy balls to help develop balance, coordination and fitness. The 213-page book is divided into 3 parts: Part one reviews the foundational information of why, how, size, inflation levels and safety precautions. Part 2 focuses on activities developing skills of balance, coordination, rhythm/dance, flexibility, muscle strength and fitness. Part 3 addresses curriculum development, integrating balls into a regular classroom environment, lesson plans, assessments and record keeping forms.

X1003 Discontinued

FASTER BLASTER HAND AIR PUMP

This wonderfully transportable hand pump inflates your therapy balls on both the push and the pull- so you're done twice as fast. The easy to use, 11 inch long, plastic pump is perfect when children want to help. Provides a good upper extremity workout.

Q1005

SOFTMEDS

These small, sand filled weighted balls are perfectly sized for the smaller hands of women and children. They look and feel great in your hands and kids just seem to love carrying them around. Use for strength training and increasing sensory awareness.

Q6401 Yellow 1.1lbs

Q6403 Red 3.3lbs

THERAPY BALLS

It is hard to outfit a therapy room or clinic without a couple of therapy balls, so for our customers convenience we are now stocking the original yellow, orange and green therapy balls, to which we have all become accustomed. Additionally, we are introducing the pink ball, which is the smallest therapy ball available. Balls are perfect tools for working on balance, strengthening, proximal stability, as well as for providing controlled vestibular and proprioceptive input. Contains no latex. Approximate sizes.

Q1012 Pink 12"

Q1016 Yellow 16"

Q1020 Orange 20"

Q1026 Green 26"

CHOKING HAZARD Small Parts/Plug. Not for under 3.

SIT 'N GYM: Balls with feet

Same high quality latex free vinyl as the regular therapy balls, but these come with 3 little feet. The feet are a real asset when balls are used as chairs in the classroom or at home for homework. They do not interfere with the postural benefits or increased attention span derived from sitting on a ball, but they keep the ball where it is placed. No more balls rolling around the classroom, so less chance they will be thrown. Balls with feet are really neat!

Q1214 Confetti 14" **Q1222 Red 22"**

Q1218 Yellow 18" **Q1226 Blue 26"**

THERAPY PEANUTS

Looks like 2 balls welded together with a small valley where they meet. Provides all the fun and bounce of a ball with greater stability. Sit or straddle, lay on stomach or back- a very versatile piece of equipment. Less threatening for the young child or those who are posturally or gravitationally insecure. Safer for in home or independent use by a child. Latex free and burst resistant.

Q1140 Yellow 40cm

Q1155 Red 50cm

CHOKING HAZARD Small Parts/Plug. Not for under 3.

CHOKING HAZARD Small Parts/Plug. Not for under 3.

Equipment

SOCCER TRAINER

Incredible training aid for building kicking and balance skills. Inflate the 8 in. soccer ball (pump included), weight base with water or sand, and kick away! No more chasing kicked balls. You can stay with the child, assisting with weight shifting, aim or balance and not worry where the ball is going. Pull on the tether and it comes back to you. Great way for any kid to practice their kicking skills. **Q0562**

SMALL PLAY PARACHUTE

Small, 6' diameter chute is perfect for use in small spaces. Made of brightly colored, durable poly-stop material with 8 hand holds and reinforced mesh center for ample air flow. Comes with one inflatable ball and a carry bag. A fun way to encourage cooperative play while building upper body strength, motor planning and timing. **Q5350**

LARGE PARACHUTE

A must have piece of whole body exercise equipment for all preschool, special education classes, daycare centers, after school programs and therapy clinics. Also a great addition to any birthday party or family picnic. Made from colorful lightweight polyester with 8 reinforced handles. Rope sewn into outer edge makes grasping the 12" diameter chute by more than 8 players very easy. **Q5026**

TURTLE SKOOTERS

With this 12" x 12" heavy duty plastic scooter board you get 2 great products in one! Remove the turtle shell from scooter board for all those prone extension and upper extremity activities. With shell in place, it becomes a ride on toy stressing balance responses and working the lower extremities. Kids will also have a great time using the turtle shells as something to sit on and think, or sit in and rock; a spot to balance on and jump from; or a place to throw and drop bean bags. With more than one, arrange shells as stepping stones for a stroll across the pond or form a turtle train! **Q8139**

TOTE ALL-WITH STORE MORE APRON

Getting all your stuff from here to there just got a whole lot easier! Larger, deluxe edition of our folding crate on wheels, now holds up to 200 lbs and features an attached elastic cord. Best of all, it comes with a washable nylon "apron" that fits inside the totes loading area adding four outside pockets. This increases carrying capacity and helps keep your materials organized. Pull up the 2 attached nylon handles and the "apron", when needed, becomes a carry bag. A must have for every busy mom, teacher and therapist! **Q3514 Discontinued**

GYRO WHEEL

No more training wheels needed! Kids will learn to ride a two-wheeler faster and safer with this patented, revolutionary technology built right into this 12 inch wheel. An internal fly wheel in each gyro wheel acts like a gyroscope, sensing unbalanced biking and re-centering the bike under the rider's weight when the bike starts to wobble. Simply replaces the front wheel on most kids' bikes. Comes with easy on/off button, light and sound indicators, 3 stability settings to adjust as skills improve and built-in rechargeable batteries. When powered off, Gyro Wheel behaves like a regular wheel. They have reinvented the training wheel and kids, and their parents, will think its magic! Please specify black or white when ordering or black will be sent. See important note below.

Q8934 Discontinued

** Please note: Due to the technology involved, this manufacturer does not permit returns - exchange only within 90 days if product is defective. Please review gyro video online at www.pfot.com

FOOF (BETTER THAN A BEAN BAG CHAIR!)

The "Foof" is possibly the most comfortable chair anywhere. Patented urethane fill engulfs you in a soothing, body snuggling cushion of foam. Perfect place for quiet calm down activities for children and adults. Durable, wear resistant cotton twill cover is double stitched. Sealed liner allows you remove cover for cleaning or use spot cleaner. Comes in a wide variety of colors: pink, black, green, purple, navy, royal, orange, red, tan or yellow. **Please specify color when ordering or royal blue or Tan will be sent.**

Equipment

ALPHABET MARKS THE SPOT

Large 4 1/2 ft. square vinyl mat features the letters of the alphabet. Also comes with 5 inflatable cubes illustrated with familiar objects, all starting with different letters. Directions

ent for eight different games are provided but the materials readily lend themselves to making up still more of your own creation. "Jump to the 1st letter in dog", "put a hand on the letter that comes before "R", "touch 4 letters with your hands and feet that spell a word". Mat and cubes wipe clean and fold up for easy storage. A very versatile piece of equipment for home, classroom or therapy clinic.

Q6073A Discontinued

PLASAMA CAR

The sleek, aerodynamic design makes this irresistible to children! Simple to operate with no pedals, batteries, chains or gears. Sit on the seat, place feet

up on designated area, grab handle bars and twist them back and forth. With the use of some basic principles of physics, 6 wheels and a child's "wobble power," this car can really get moving! Made from state of the art ABS plastic, it will hold 120 lbs on a rough flat surface and much more on a smooth flat surface. So simple to operate

success is just about guaranteed even by children with motor planning difficulties. Can also use as a "push with your feet" ride on toy. Approximately 36" long it comes fully assembled so children can ride immediately.

Q9226

Come on, join the SOS (Save our shoulders) ranks. Don't you want to be able to play tennis, prune your roses, and lift your grandchildren after you retire? Get the bag off your shoulder and put it on wheels where it belongs!

MINI MOBILE DUFFEL

Smaller than its big brother, but it may be a perfect size for you. Measures 22" x 11.75" x 11.5" with a total of 3100 cubic inches. Same great features as the larger bag, you just can't fit as much stuff! If you are carrying too much, try scaling down by moving up to a "mini." Also great for travel.

X6796

SUPER MOBILE DUFFEL

Very practical duffel on wheels gives you 4600 cubic inches (26" x 12.75" x 13.5") into which you can place bulky toys and equipment, files, books, evaluation kits, your lunch and anything else you may need for a day of itinerant therapy. Made with durable polyester, push button retractable handle, recessed in-line skate wheel system and self repairing excel zippers. Large inner compartment with 8 smaller pockets for organizing smaller personal items and fine motor materials. A truly versatile piece for on the go therapy or travel.

X6750
